How to Care for Vinyl Siding and Aluminum Products From Variform®

Your selection of Variform siding and/or Aluminum products to cover your most valuable investment should provide a beautiful appearance and long-lasting protection for your home. To keep your investment beautiful over the years, you should implement the following procedures at least annually for the major care of your Variform Siding and Aluminum Products:

- 1. General Cleaning.** Use an ordinary garden hose to give your siding a light rinse working from the top down.
- 2. Moderate Atmospheric Dirt.** We recommend at least an annual washing with clear water using a garden hose and soft-bristled brush. A long-handled car washing brush is ideal for this purpose.
- 3. Heavy Industrial Atmospheric Dirt.** Wash in the manner indicated above, but use the following solution:
 - 1/3 cup detergent (Tide, for example)
 - 2/3 cup trisodium phosphate
 - 1 gallon water
- 4. Mildew Accumulation.** Mildew can collect on surfaces of all types of building products and is often evident on surfaces that have not been properly cared for and maintained. Normally, mildew will appear as black spots. Mildew can be removed by using the basic cleaning solution above with the addition of sodium hypochlorite as follows:
 - 1/3 cup detergent (Tide, for example)
 - 2/3 cup trisodium phosphate
 - 1 quart sodium hypochlorite 5% solution (Clorox, for example)
 - 3 quarts water
- 5. Additionally for Aluminum Products.** For caulking compounds, tar and similar substances use mineral spirits in reasonable amounts and apply directly to the foreign substance. Immediately after cleaning, rinse the area thoroughly with water.

CAUTION: Do not exceed the recommended concentrations of cleaners; to do so can cause damage to the products' surface. Avoid skin and eye contact with the solution, and in all cases follow manufacturer's instructions for the use of cleaning compounds and solutions. Avoid use of abrasive-type cleaners and strong solvents. Test any cleaner on an inconspicuous area before applying to major areas. To minimize streaking, always clean from the bottom to the top and follow with a rinsing of clear water. Excessive scrubbing is unnecessary, can be harmful to the products, and may cause undesirable glossy areas over the finish.

CAUTION: Do not use or mix sodium hypochlorite with other household chemicals or products containing ammonia. To do so will release hazardous gases.

CAUTION: Use care not to saturate window and door openings when cleaning your Variform siding and aluminum products.

TIP: Where the house is extremely dirty, it is recommended you start washing from the bottom and go to the top, rinsing frequently. Cleaning solutions should be permitted to stand on the surface of the siding and/or soffit for several minutes before rinsing.

TIP: Pay particular attention to areas under eaves, porches, awnings, and other overhangs that have limited exposure to the natural washing effect of rainfall.

2. Notify us in writing of any defects or other conditions that may be covered by this warranty within a reasonable time after you discover the condition. The written notice should describe the defect in detail. For claims of *excessive color fade*, in order to accurately evaluate, we will require the submission by homeowner to Variform (a) a sample piece of the affected area on any and all even color loss claims and (b) a copy of an annual preventative cleaning schedule. If we elect to repair or replace rather than make a refund, we will see that the repair and/or replacement work is performed at a mutually agreeable time.

Items for Which We are not Responsible

Our responsibility under this warranty is limited. In particular, WE ARE NOT RESPONSIBLE FOR any defects or failures due to:

- Installation or handling of siding after it leaves our factory, including any lack of performance or improper performance in any way by the siding installer. (Please assure that the siding is installed by a qualified installer. Although we are not responsible for installation, we can provide detailed, current installation instructions and manuals as needed.)

- Warping or distortion due to exposure to excessive heat sources (e.g., barbecue grills) or exposure to unusual or excessive reflective heat sources (e.g., skylight or window reflection, roofing materials, pools, decks, blacktop, or concrete materials).
- Abnormal use of the siding as determined by us.
- The application of paint, varnish or other coating over the siding's original finish.
- Any lack of compatibility between our siding and any other product not manufactured by us that causes damage to or failure of the siding.
- Labor, transportation or installation costs, except when we choose to repair or replace the damaged or defective material and the damage does not result from hail.
- Color variance between any new replacement panel and other panels. (We reserve the right to discontinue or modify any siding product line or color without notifying the original purchaser. If the original siding product is not available, we retain the right to choose to use replacement material of equal value or quality.)
- Uneven fading, color change or "striping" of siding due to installation over dissimilar, inconsistent or inadequate sheathing or backer board;
- Damage caused by, among other things, cracking, splitting, chalking, weathering, oxidation, mold, mildew, settling of the building, failure of the structure (including foundations and walls), use of incompatible accessories, fire, flood, lightning, ice, wind-borne objects, earthquake, hurricane, sun, cyclone, gale, tornado, weather of a catastrophic nature, acts of God, intentional acts, unreasonable use, misuse, physical abuse, vandalism, riot, insurrection or civil disorder, accidents or corrosive atmospheres (such as those contaminated by acid rain, harmful chemicals or vapors).
- Except for excessive color fade after installation and uneven weathering, color change of the siding due to weathering, because weathering will cause any colored surface to gradually lighten, darken, chalk or accumulate dirt or stains. (The severity of these conditions depends on air quality, the geographic location of the property and other local conditions over which we have no control.)
- Fading or color change of brown soffit or accessories when used as vertical siding or in any application with direct exposure to sunlight.
- **WE ARE ALSO NOT RESPONSIBLE FOR AND DISCLAIM ANY WARRANTY NOT MADE EXPRESSLY IN THIS DOCUMENT. ANY IMPLIED WARRANTY, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTY CONTAINED IN THIS WARRANTY DOCUMENT, UNLESS A SHORTER PERIOD IS PERMITTED BY LAW.**
- **THE REMEDIES PROVIDED HEREIN ARE A WARRANTY CLAIMANT'S SOLE AND EXCLUSIVE REMEDIES, WHETHER FOR CLAIMS UNDER AN EXPRESS WARRANTY OR ANY IMPLIED WARRANTY, BREACH OF EITHER, IN TORT OR OTHERWISE IN NO EVENT ARE WE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE PURCHASE, INSTALLATION, OWNERSHIP OR USE OF OUR PRODUCTS, NOR SHALL WE BE RESPONSIBLE FOR REPRESENTATIONS, WARRANTIES OR AGREEMENTS MADE BY ANY EMPLOYEE, AGENT OR OTHER PERSON THAT PURPORT TO MODIFY OR ADD TO ANY OF OUR OBLIGATIONS UNDER THIS DOCUMENT. YOUR EXCLUSIVE REMEDY FOR ANY BREACH OF WARRANTY IS SET FORTH IN THIS DOCUMENT.**

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE LIMITATION OR EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC RIGHTS, AND YOU MAY HAVE OTHER LEGAL RIGHTS WHICH VARY FROM STATE TO STATE.

These Definitions Apply to the Terms Used:

COVERAGE means the extent of our commitment to respond to any claim relating to the siding.

EXCESSIVE COLOR FADE means a change in the color of any siding in excess of a Delta E of four Hunter units, as determined by us, following the initial installation of the siding, provided that any uneven or abnormal fade distribution is not due to a buildup or accumulation of stains, dirt, mold, mildew, or any other deficiency caused by the lack of at least an annual preventative maintenance by the homeowner as such annual preventative maintenance is described in the Variform Installation Manual. The excessive color fade warranty does not apply to custom colors of siding and accessories.

FIRST-TIME TRANSFEREE means the first individual, person or entity to which any interest of the initial purchaser in the building on which the siding is initially installed or in the siding itself is voluntarily or involuntarily conveyed, transferred or assigned, whether by gift, sale or operation of law, after the initial installation of the siding.

PURCHASE AND INSTALLATION PRICE means the sum of (a) the total original cost of the siding that is defective or otherwise being replaced, plus (b) the total original cost of labor for the installation of siding that is defective or otherwise being replaced. If we cannot determine these amounts from original documents, we will compute the purchase and installation price using (i) our suggested retail price in effect at the time of the installation for the cost of material, (ii) labor rates prevailing in the area where the building is located at the time of installation and (iii) an estimated installation time for the cost of labor.

RESIDENCE means regular or full-time permanent lodging by a single family.

SIDING means vinyl siding, vinyl soffit or related vinyl accessories (but not round cut, shingle or trim coil) manufactured by Variform, Inc.

WEATHERING means changes caused by exposure to sunlight, rain, air pollution, variations in temperature and other atmospheric conditions.

WEATHERS UNEVENLY or UNEVEN WEATHERING, such as checker boarding, means uneven or non-uniform change in color of contiguous elements of siding under uniform, even and equal exposure to sunlight, natural radiation, rain, natural variations in temperature or other atmospheric conditions.

5. **WE EXCLUDE AND ARE NOT RESPONSIBLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING OUT OF ANY BREACH OF THIS EXPRESSED WARRANTY, OR ANY OTHER ORAL, WRITTEN OR IMPLIED WARRANTY THAT MAY APPLY TO YOUR PURCHASE, AS IT RELATES TO OUR PRODUCTS.**

THIS IS YOUR **EXCLUSIVE** WARRANTY AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

6. This Warranty gives you specific legal rights. You may also have other rights which vary from state to state. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

Warranty coverage upon transfer is as described in detail above. Upon any transfer of the property, your obligations become the obligations of the new Property owners.

These Definitions Apply to the Terms Used:

COVERAGE means the extent of our commitment to respond to any claim relating to the siding.

FIRST-TIME TRANSFEREE means the first individual, person or entity to which any interest of the initial purchaser in the building on which the siding is initially installed or in the siding itself is voluntarily or involuntarily conveyed, transferred or assigned, whether by gift, sale or operation of law, after the initial installation of the siding.

PURCHASE AND INSTALLATION PRICE means the sum of (a) the total original cost of the siding that is defective or otherwise being replaced, plus (b) the total original cost of labor for the installation of siding that is defective or otherwise being replaced. If we cannot determine these amounts from original documents, we will compute the purchase and installation price using (i) our suggested retail price in effect at the time of the installation for the cost of material, (ii) labor rates prevailing in the area where the building is located at the time of installation and (iii) an estimated installation time for the cost of labor.

RESIDENCE means regular or full-time permanent lodging by a single family.

WEATHERING means changes caused by exposure to sunlight, rain, air pollution, variations in temperature and other atmospheric conditions.

WEATHERS UNEVENLY or UNEVEN WEATHERING, such as checker boarding, means uneven or non-uniform change in color of contiguous elements of siding under uniform, even and equal exposure to sunlight, natural radiation, rain, natural variations in temperature or other atmospheric conditions.

How Do You Submit a Warranty Claim?

You must submit your claim in writing to us within the warranty period and within a reasonable period of time after the defect is discovered.

To initiate a claim, you should contact our warranty services number at 1-877-574-2939 to receive a warranty claims packet.

If you would like to submit a claim request in writing, please provide the following information: a description of the claimed defect and the date the defect was discovered; the warranty registration number (if available); the date of original installation; and your name, address and phone number. Written claims should be sent to Variform, Warranty Claims Department, 2600 Grand Boulevard, Kansas City, MO 64108.

Variform will provide notification of any additional information and physical evidence that may be required to process your claim.

When a sample is required, it must be sent at the homeowner's expense. In the event the claim is approved and the homeowner wants the sample returned, there will be a \$25 handling fee.

ANY REPAIR OF THE PRODUCTS UNDERTAKEN WITHOUT PRIOR WRITTEN AUTHORIZATION FROM VARIFORM WILL VOID THIS WARRANTY.

How to Care for Shingle and Round Cut Siding from Variform

While the Shingle and Round Cut Siding product comes closer to being totally maintenance free than any other siding of its type on the market today, it may become dirty. As a result, it should be cleaned at least yearly to prevent dirt buildup or mildew.

Generally your siding can be cleaned satisfactorily with the use of an ordinary garden hose; do not power wash siding. If plain water does not remove the dirt, we suggest the following:

Gently wash siding with a soft bristle brush and water from garden hose. Where dirt is of a stubborn nature, the following cleaning solutions work well:

- 1 cup detergent (e.g., Tide)
- 2/3 cup trisodium phosphate
- 4 quarts of water

In certain geographic areas where mildew may be a problem, substitute one quart of 5% sodium hydrochloride (e.g., Clorox), for one quart of water in the above solution. If the structure is extremely dirty, start washing from the top and work down to the bottom. Apply cleaning solution and let it stand several minutes so the dirt will loosen. The siding must be rinsed thoroughly with clear water to avoid staining and/or streaking.

WE ARE NOT RESPONSIBLE FOR AND DISCLAIM ANY EXPRESS WARRANTY NOT MADE IN THIS DOCUMENT. ANY IMPLIED WARRANTY, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, IS LIMITED IN DURATION TO THE DURATION OF THE EXPRESS WARRANTY CONTAINED IN THIS WARRANTY DOCUMENT, UNLESS A SHORTER PERIOD IS PERMITTED BY LAW.

THE REMEDIES PROVIDED HEREIN ARE A WARRANTY CLAIMANT'S SOLE AND EXCLUSIVE REMEDIES, WHETHER FOR CLAIMS UNDER AN EXPRESS OR ANY IMPLIED WARRANTY, BREACH OF EITHER, TORT OR OTHERWISE.

IN NO EVENT ARE WE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE BREACH OF THIS WARRANTY OR THE PURCHASE, INSTALLATION, OWNERSHIP OR USE OF OUR PRODUCTS, NOR SHALL WE BE RESPONSIBLE FOR REPRESENTATIONS, WARRANTIES OR AGREEMENTS MADE BY ANY EMPLOYEE, AGENT OR OTHER PERSON THAT PURPORT TO MODIFY OR ADD TO ANY OF OUR OBLIGATIONS UNDER THIS DOCUMENT. YOUR EXCLUSIVE REMEDY FOR ANY BREACH OF WARRANTY IS SET FORTH IN THIS DOCUMENT.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE LIMITATION OR EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC RIGHTS, AND YOU MAY HAVE OTHER LEGAL RIGHTS WHICH VARY FROM STATE TO STATE.
